Paving by Baths to be Done Aug. 31

Work Started on Rest of Indian Avenue

Sam Janish of J & S Paving company, this week announced that the paving of Indian avenue in front of the Agua Caliente Indian bath house will be completed by August 31.

"The hard job has been completed," Janish said, "and we are ready to lay the cement, but we must wait about 14 days for the cement to cure, and that is what will take up the time. Traffic will be able to use the thoroughfare the day following the placing of the topping on the road."

Acting City Manager R. W. Peterson said that work has begun on the north end of Indian avenue in front of El Mirador hotel, and by today, J & S Paving will have curb in from Paseo El Mirador to Tachevah, a total of more than a thousand feet installed.

The job of widening and paving Indian from Paseo El Mirador to Tachevah must be completed by October 15 to comply with a contract between El Mirador hotel and the city. Power poles, television cables and one building have been or are in the process of being moved to clear the right-of-way.

.02 Inch Rain Falls in Hour Tuesday Night

Jagged lightning ripped the skies and flared against the rolling clouds, thunder reverberated against the mountains, wind blew and the Village had its first rain fall since April Tuesday night.

Between 10:30 and 11:35 p. m., .02 inch of rain was registered by the weather observers at Fire Station 2, bringing the year's total rainfall to 1.62.

Electrical storms, accompanied by brilliant lightning and crashing thunder, were prevalent throughout Riverside and San Bernardino counties and rain fell at Daggett, 29 Palms, Barstow, Pioneertown, Yucaipa and hail at Victorville. Rainfall at Indio was reported to be heavy.

Lightning strikes were blamed for a fire-dozens of fires in Riverside county, and more than a dozen in San Bernardino county.

There will be no poem this week . . . My nerves are still too jumpy . . . As a result of a harrowing experience this week . . . It was all my fault . . . When we left Palm Springs, Mrs. G. carefully explained the correct packing procedure . . . But I misunderstood . . . And packed slacks which were ticked for the cleaners instead of those destined to accompany me on vacation . . . As a result, came a pair of invitations and the clothes I had with me made me look as if I were about to jump . . . Sanborn Takes Over Duties as New Councilman

Jerry Sanborn, who was appointed city councilman from the fourth district last week to fill the vacancy created by the resignation of former Mayor Charles Farrell, has been a resident of the Village since 1929.

A surveyor by profession, he has served Palm Springs as city street superintendent (1938-42), and as representative of J. F. Davidson of Riverside, he acted as city engineer on a retainer fee for five years.

A VETERAN of both world wars, the new councilman is Past Commander of the American Legion and of 40 et 8.

Fraternity associations include the Benevolent Order of Elks, of which he is a trustee, and the Masonic Lodge, of which he is Past Master.

Mrs. Sanborn is a teacher in Katherine Finch school and the Sanborns live at 172 Racquet Club road. They have one son, John, a student at the University of New Mexico.

COUNCILMAN Sanborn, who was sworn into office last week, will fill the seat until the April election.

He was named by Mayor Florian Boyd to serve on the following committees: finance, public safety and public works. Councilman Frank Miller has been named chairman of the finance committee, a position held by Councilman Boyd before he was named mayor.

Don Cameron Seriously Hurt

Don Cameron, prominent Rancho Mirage realtor, is in the Coachella Valley hospital with three broken ribs, a punctured lung and other injuries incurred in an automobile accident Sunday night.

Mrs. Vivian Ekstrom of Indio, who was also in the car, received severe lacerations of the scalp but was released from the hospital after treatment.

The accident occurred on Highway 111 near Washington street, in Indio, shortly after 10 p. m. Sunday night, when the car went into a skid, left the roadway and came to rest in a bar pit, California Highway Patrol officers reported.

The car, which was crushed like an accordion, was a complete wreck. It was registered to Guy Benton of Santa Monica.

'We Take Care of Our Own' is True Wild Life Motto

It looked like three frolicsome, bushy-tailed squirrels playing in the roadway . . . but, it turned out to be stark tragedy.

Dolores "Deedee" Anderson and her daughter and grandson, all of the Village, had been fishing at Lake Hemet Sunday and were on their way home, along the Pines-to-Palms highway. They were driving along a straight stretch of road, bordered on each side by pines and outlying ranches when, on the road ahead they saw the three little squirrels.

THEY HAD SEEN numerous squirrels, scampering along the roadside, but noticed these particularly because they seemed to be playing in the road in a dangerous spot.

As they drew nearer they saw that one of the squirrels had been run over by a car and the other two were crying and

Lower Tax for Schools is Forecast

Increased Valuation, Federal Aid Offsets Record High Budget

A record budget of \$919,458 was adopted Wednesday evening by the board of trustees of the Palm Springs Unified School District, but the school tax rate will be lowered by about one cent.

This was announced today by Dr. Arthur G. Hoff, who received word from the county school superintendent's office that the district's assessed valuation will be \$700,000 more than first anticipated, making possible a tax rate of \$1.346 per \$100 assessed valuation compared to \$1.355 last year.

Only six persons attended the public hearing on the budget, besides the board of trustees. No one expressed opposition to any part of the budget.

Only one change was made by the trustees in the proposed budget published last week, with \$20,000 being added to the capital outlay fund. This amount may make possible construction of two classrooms at Nellie Coffman school, Dr. Hoff said.

This construction was originally included in the budget, but deleted in a revised version when the county office earlier reported there would be less income than anticipated.

Additional income amounting to \$28,000 is now expected from the Federal government under Public Law 874, which provides help for federally affected areas. Dr. Hoff said, and made possible the \$20,000 addition to the budget.

CHANGING FAIR DATES NOT LIKED BY INDIO CC

Indio Chamber of Commerce Wednesday gave a cool reception to a proposal by the Palm Springs Chamber that it consider supporting a change of the dates of the Riverside County Fair and National Date Festival to the Fall.

Directors of the Indio Chamber agreed to take no action on the proposal until after the matter is presented to the County Fair Board and thoroughly discussed.

The Palm Springs Chamber had proposed the change, pointing out that the present date festival falls during the city's peak period, and that Fall dates would make it possible to better accommodate visitors, and extend the season.

The letter asked the Indio Chamber to support the proposal and enter into discussions and studies at meetings with the Fair board this Fall.

Several Indio directors suggested that such a change was a "selfishly motivated proposal, wouldn't necessarily benefit the Fair, and might not be to this area's benefit."

New Reason Michigan Newspaper Explains Shirt Law

Many different versions of Palm Springs now tabled "shirt ordinance" appeared throughout the country, but perhaps none as misleading as appeared in a United Press dispatch in the paper at Petoskey, Michigan.

In telling about the new law, it said that it was ordered after "eight women complained that the sight of bare-chested men in a restaurant upset them; they couldn't eat their soup."

The dispatch was sent to The Sun by Minnie Uthes, who described herself as a "100 per cent booster for Palm Springs since 1934."

Her personal opinion, she said, was in accord with "these ladies and Mr. Nathanson (who proposed the ordinance)."

Attend Youth Center Meeting

Bob Haverman, June Zverling, Larry Burton, Anita Murphy and Joe Langie represented the Palm Springs Youth Center at the Southern California Youth Center Association Conference at Idyllwild Pines, Saturday.

It was attended by over 300 members and directors representing youth centers throughout the entire state.

Local delegates were accompanied by Ted McKinney, local youth center director.

Tram Service Proposed for Palm Canyon

The proposal to operate a tram service along Palm Canyon drive, advanced by Joseph A. Krone of Los Angeles, was held over for later consideration by City Council, at their meeting last week.

In making the proposal, Krone said he had in mind electric or gas motor driven trams such as are operated for sightseers at the beaches. He said schedules and rates would be set up in accordance with legal requirements.

Councilmen, discussing the proposal, said that it was possible it might interfere with the franchise held by Tanner bus service, which operates a Village bus the length of Palm Canyon drive. Started as a wartime measure, the busses have never made money for the company, it was reported, and constitute a courtesy service.

Deep Well Construction Under Way

New Dining Room to be One of Most Beautiful in Area

Rebuilding of the Deep Well Guest Ranch dining room which was destroyed by fire early last May, is now well underway, with completion date set for the first of November.

The building, designed by Architect Dan Dworsky of Los Angeles, will be styled in a Western-modern motif, containing over 7000 square feet of floor space and costing \$85,000 including furnishings.

Y. D. Markson, owner of Deep Well Inn, said that the new building will be one of the most beautiful dining areas in the desert.

John Ravese, Deep Well manager, said that he believes the spa will have the largest dining facilities in Palm Springs and the "Cowboy Terrace" started last season, will be brought back to lend a real western atmosphere to the Inn.

George Becannon, foreman for Driver and Eddie Construction company, is in charge of the construction.

Reynolds Named Vice Principal of High School

Wayland Reynolds, who has been an instructor with the Palm Springs Unified School District since 1948, this week was named vice principal of Palm Springs high school.

He succeeds Paul Summers, who earlier this year was named as business administrator of the district.

Reynolds, 30, is a graduate of the University of Redlands, a major in zoology, chemistry and physical education.

He came to Palm Springs after completing four years service in the Navy during World War II.

During his four years here, he has taught general science and has been an instructor in physical education, besides coaching the swimming team.

This summer Reynolds is completing work for a master's degree in education administration at the University of Redlands.

Reynolds, his wife and two sons, reside at 3781 Camino San Miguel.

Another Barnett Makes Forced Landing

Marine Captain Barney Barnett, flying a Navy Corsair, made a forced landing at the local municipal airport Saturday afternoon because of engine trouble.

This Marine captain is no relation to Air Force Major Barney Barnett, who less than a month ago was forced to land here because of a broken catch on the airplane's storage hatch.

Marine personnel are being brought to Palm Springs to install a new motor in the crippled Corsair.

Damage by Fire Estimated at \$375

Damage estimated at \$375 was caused by a mattress fire at 296 South Palm Canyon drive at 10:52 p. m. Tuesday, firemen reported.

Firemen used their new Chemox masks in fighting the blaze.

Record Lending Service Becoming More Popular

The record lending department of the Wellwood Murray Memorial Library is becoming more popular every day, according to Librarian Dorothy Bear.

Started in June, the library had 64 withdrawals last month, and this total will be greatly increased during August. The records are primarily of a classical nature, with no effort being made to include popular records in the listings.

Donations to the library are being accepted, to supplement the record selections now available. The library itself purchased a number of records, and

LIST 23 CONVENTIONS DURING WINTER SEASON

It looks like a record year for conventions in Palm Springs, with those already booked by local hotels expected to bring around 10,000 people to town during the 1953-54 season.

Twenty-three conventions are already listed with the Chamber of Commerce, between October 18, 1953 and October 19, 1954.

FOUR HUNDRED Merchants and Manufacturers will convene here October 18 to 23, headquarters at the Desert Inn and on October 20, 400 Motor Car Dealers from all over Southern California will arrive for a four-day convention at El Mirador.

Largest of the conventions scheduled to date will be the Junior Chamber of Commerce convention which is expected to bring 2000 to El Mirador in April, and the June convention of 1500 Disabled American Veterans, scheduled for Deep Well and Palm Springs Biltmore.

THE INCREASING popularity of Palm Springs as a convention city is evidenced by the fact that Occidental Life Insurance has already booked a convention at El Mirador for March, 1955.

The complete list of convention bookings for this season is as follows:

Merchants and Manufacturers, October 18-23, Desert Inn; Southern California Motor Car Dealers, October 20-24, El Mirador; Dental Seminar, October 25-30, Desert Inn; American Institute of Dental Medicine, October 25-30, El Mirador; Soroptimists, Regional Convention, October 30-31, November 1, El Mirador.

AMERICAN SOCIETY for the Study of Sterility, October 30-31, November 1, Deep Well; California State Hotel Association, November 1-4, El Mirador; Desert Riders, October 28-November 1, El Mirador; Furniture Manufacturers Association of Southern California, November 6-8, El Mirador.

International Real Estate Brokers, Post-convention tour, November 13-14, place not designated; Irrigation Districts Association of California, November 10-13, El Mirador; Real Estate Board of Los Angeles, November 13-14, El Mirador; Association of Pacific Fisheries, November 16-18, El Mirador; Building Contractors Association of California, November 18-21, El Mirador.

CALIFORNIA Federation of Women's Clubs, Junior Membership, Southern District, tentative date, December 4-5, El Mirador; National Cutstone Contractors and Quarrymen's Convention, January 10-14, El Mirador; California Medical Association, April 22-23, El Mirador; Rotary International District 162, April, date and place not designated; California Laundry-owners Association, April, Desert Inn; Moore Business Forms, April 25-29, Desert Inn.

California Junior Chamber of Commerce, April 29-30, May 1-2, El Mirador; Disabled American Veterans, June, Deep Well; California State Inheritance Tax Appraisers, October 17-19, Desert Inn.

Ronald D. Woods, a supervising sanitarian for the San Diego Department of Public Health, has been named sanitarian for Palm Springs effective August 17.

He replaces George Cox, who resigned after serving a year.

Woods, who has served San Diego's department for eight years, will start at the top county salary for sanitarians, \$358 a month, less than he is currently receiving.

County Health Officer Everett Stone, in announcing the appointment, said that Woods

"has had wide experience, is highly recommended and is willing to accept this position because of his desire to get to a smaller department and area."

He explained that Palm Springs, because of its being a resort community and having a large transient population, presents many difficult problems which require an experienced sanitarian.

Tax Rate Council Sets \$1.28 per \$100 Valuation

Official tax rate for the city of Palm Springs was set at \$1.28 per \$100 assessed valuation, by city council Tuesday. This is the same as last year.

The rate, as broken down to five categories, is: City administration, .851; Wellwood Murray Memorial library, .075; sewage department, .038; advertising, .105, and bonds, .211.

The second ordinance allows the police department to sell all unclaimed articles held in their lost and found department, after a minimum time of six months.

Given Permission to Leave State

City council last week granted Councilwoman Ruth Hardy permission to leave the state for three weeks. Her leave of absence is effective August 15.

Menotti's Amahl and Night Visitors, Bach Program 1 and 2, Hindemith's Matthias the Painter, Mendelssohn Concerto, Handel's Messiah, Debussy Selections, Grieg Concerto, Bach Cantata's 4 and 11, Handel's Water Music.

Recital of Bach and Handel, Mendelssohn's Midsummer Nights, Bartol's Music for Strings, Brahms's 3rd Symphony, Mozart's Jupiter, Mendelssohn's Elijah.

Incorporators Pledge Million for Race Track

First Step in Securing Hearing on Thoroughbreds

The Commissioner of Corporations, State of California has issued a permit to the Palm Springs Development Corporation to issue stock to its 25 original incorporators, according to word received here by Director George Gannon from President E. L. Stanciliff.

This authorization is the first step in a move to secure a hearing on thoroughbred horse racing here, as the Palm Springs Development Corporation is the sponsor and organizer of the Palm Springs Turf Club.

THESE 25 men have informed the California Horse Racing Board that they will supply not less than \$1,000,000 of the \$3,000,000 of capital required to construct the proposed racing plant of the Turf Club, to be located on Highway 111 immediately adjoining the city of Palm Springs, Stanciliff reported.

The Turf Club has also returned its original application for a hearing to the Horse Racing Board for consideration at its next meeting. This application was returned as incomplete at the August session of the group.

CLUB OFFICIALS have requested the board to hold the public hearing in Palm Springs sometime during the month of October to determine whether the establishment of a thoroughbred track in the Palm Springs area is in the public interest and shall serve the purposes of the California Horse Racing Act.

The request also asks that 30 days notice be given prior to the hearing so that all interested parties can be heard.

OFFICES FOR BOTH the Palm Springs Development Corporation and the Palm Springs Turf Club will be established in Palm Springs in the near future, officials said.

The 25 incorporators of the Development Corporation are: Kenneth B. Kirk, president, Kirk Dial Corporation, Los Angeles and Palm Springs.

Arthur F. Wheeler, president, A. F. Wheeler Company Building Hardware and Supplies, Los Angeles.

Ralph N. Cardazo, chairman of board, Buza-Cardazo Company, Los Angeles.

George D. Gannon, Realtor, Palm Springs.

Everett L. Stanciliff, president, Stanciliff and Company, manager.

The PUBLISHER'S Corner

VISITING IN LOS ANGELES made me realize more than ever this time how much Southern California has changed—for better and for worse—since I first entered it via the plank road over the sand dunes out of Yuma back in 1919. Some may still remember Peg Leg's service station at the western approach to the never-to-be-forgotten plank road. Peg Leg looked like an old salt and had his oasis fixed up just like a beach resort. His watering place has long been covered by the shifting sands but a few stretches of the narrow old board road may still be seen from the modern highway.

Many other places that were just getting started in those days have grown to fabulous proportions. Like Knott's Berry Farm—which used to be just a berry farm where one stopped for lunch and to buy a berry pie. Thousands dine daily where once the roadside stand was located and visit Ghost Town with one of America's largest collections of relics of the old West.

Tourists taking the coast route to San Francisco twenty years ago used to stop at a little roadside lunch counter north of Santa Barbara for a bowl of split pea soup. What the berry bush did for Knott the pea vine did for Anderson—with plenty of promotion and hard work. More people eat there now every day than reside in the nearby town of Buellton. The only relic of the early days is split pea soup on the big menu.

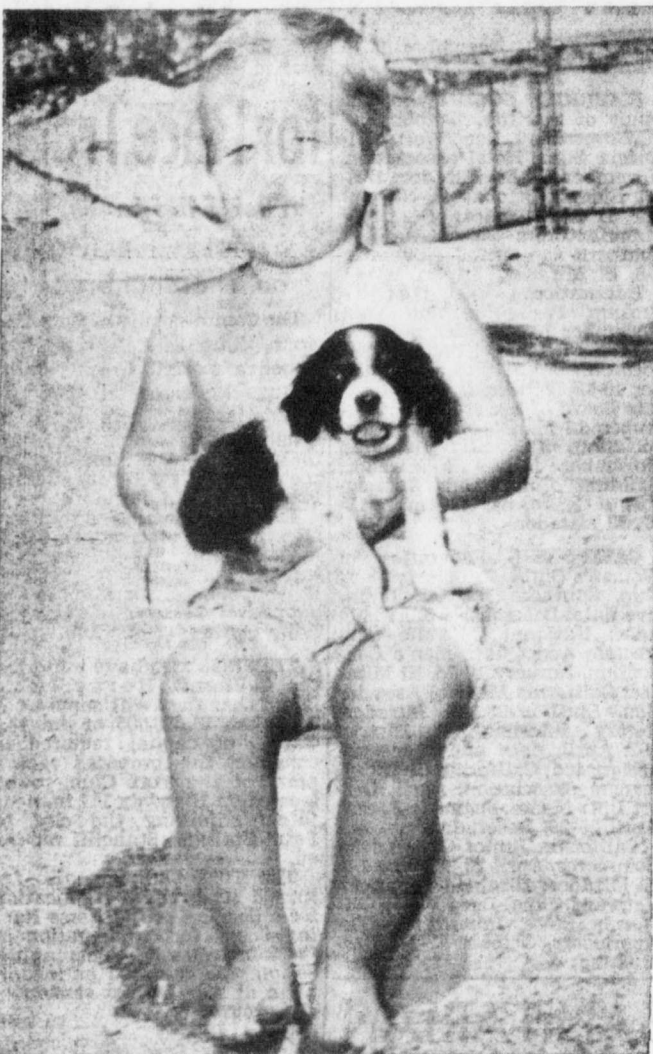

Does anyone remember the original Rite Spot—just west of

Calectric Acts to Provide More Power for Area

California Electric Power company's program of providing more power for expanding customer demands was reflected in two related events which occurred recently at its Highgrove Steam Electric Generating Plant and its Riverside main office.

Early in the week the largest and heaviest component of a new turbine-generator for a third unit at the Steam Plant was placed in position in an impressive crane pickup operation.

LATER THE same week, Albert Cage, Calectric president, handed the General Electric corporation a \$1,461,816.14 check as payment for the turbine-generator and related switch gear and other equipment.

The pickup operation involved the lifting of the turbine-generator's 94-ton stator from a special railroad flat car via the Steam Plant's overhead crane. Suspended in air by a reinforced rigging of crane cables, the massive piece of equipment was transported the length of the plant and placed on a foundation from which it is destined to contribute over 40,000 kilowatts of new Calectric generating capacity when Unit three goes into operation in October.

THE STATOR, manufactured along with the other turbine-generator components by the General Electric corporation in Schenectady, New York, is the complex piece of machinery inside which a king-sized rotor

are being assumed in some instances by local districts and in other instances are becoming added duties of other county staff members.

spins to produce electricity.

It's installation marked a big forward step in the construction of the Highgrove plant's Unit Three. Two other units already in operation are producing in excess of 60,000 kilowatts and when the third unit starts operation, the plant's total output will be in excess of 100,000 kilowatts. A fourth unit of over 40,000 KW output will also be constructed at Highgrove.

GRAPHIC ILLUSTRATION OF

the costs involved in construction of electric generating facilities was marked Friday when Albert Cage handed Verne B. Miller, manager of GE's Riverside-San Bernardino county area office, the \$1,461,816.14 check.

It was the biggest single check for electrical equipment ever written by the company and it was in payment for one of today's most complex and closely balanced pieces of machinery — a turbine generator

which had been over a year in manufacture and assembly.

Calectric will have spent by the Company to meet its many more millions of dollars customers' demands for more power in construction of Unit Three.

NEW VILLAGERS—Mrs. J. D. Booth and daughter Sherry, formerly of Miami Beach, Florida are new residents of Palm Springs, where Mr. Booth will join them next month.

(Concluded from page 1)

PUBLISHER'S CORNER

Pasadena across from the Annandale Golf Club? In a little shack where they served the world's best hamburger for a dime? From that five-stool stand the place has grown into a big steak house which looks down on the lowly hamburger. Hard by the gracefully curved Pasadena bridge over the Arroyo Seco—said to be one of the world's most beautiful spans—it lies in the shadow of a modern giant that will carry more millions over a new freeway into Pasadena for Rose Parades of the future.

Is there someone who can remember landing at the Alhambra airport and wondering if you would be lucky enough to find a taxi there? And now it's hard to find an open space in the huge parking lot at the International Airport!

For better or for worse?

Mostly for the better, of course. But the smog and traffic snarls brings a longing for those gone-by days of crisp, clear skies and patient drivers. The freeways are wonderful but they're no place for relaxed driving—just an excellent way of getting from one place to another in a hurry. It keeps one busy just reading the direction signs. And if you make a wrong turn you may not find your way back for half an hour!

Ah, for the peace and quiet of Palm Springs—away from pushing crowds and demon drivers who dare you to out-nerve them. It takes but a few days of this to get homesick for Mt. San Jacinto.

Pavny's Have First Winner in Key Contest

Pavny's recorded a winner this week, in one of the most famous contests to be run in the desert area.

The winner of the first complete chicken dinner was J. S. Bryant of 1656 San Lorenzo road who opened a padlock with a magic key he received as an advertisement in the mail.

Dog Reported Lost

Mrs. William Cody, 1950 Desert Palm drive, reported to police that their collie dog, answering to the name of "Beau", had strayed away during the storm Tuesday night.

Maury Pavny invites everyone to bring their "magic key" into his store at 1001 South Palm Canyon drive, for they too, may be a winner of a complete chicken dinner for four.

Check Passers

Sentenced to State Prison

Two men arrested for passing bad checks in Palm Springs were sentenced to state prison this week when they appeared in Judge O. K. Morton's Superior court in Riverside. Both had served previous prison terms.

Willie Stoutingburg, 43, described as having been "quite a ladies' man in his younger days," had been arrested for passing two bad checks totaling \$37 here last month. Before his arrest he had been working as a melon picker in Imperial Valley, earning around \$85 a week.

Robert Warder, 41, had passed two bad checks, totalling \$45, here and didn't remember exactly how many others in other places, according to the Probation department. He said his fourth wife had nagged him into quitting a \$600 a month aircraft job and returning to a life of crime.

J. D. Booths Buy Home in the Village

Social Registerites Mr. and Mrs. J. D. Booth and their daughter Sherry of Miami, Florida, have purchased a home here at 245 West El Portal.

Mrs. Booth and Sherry have been in the Village since April and Mr. Booth expects to join them next month. They came here for Sherry's health and she has found that the desert climate is beneficial to her asthmatic condition.

Booth, who owns the Apothecary in Miami, has recently passed the California state board of pharmacy examinations.

The Booths were prominent in Baptist church work in Miami and Mrs. Booth will teach a class in the primary department at Community Church, starting in September.

Village Births Reported at Lake Arrowhead

Three babies, a boy and two girls, have been born this Summer to Villagers and Coachella Valley residents at Santa Anita hospital at Lake Arrowhead.

A seven-pound daughter was born June 30 to Mrs. Fujiko Komura of 554 Cable Roca, Palm Springs.

On July 31, a boy weighing seven pounds, four and a half ounces, was born to Mrs. Archie Linkletter, 82212 Bliss avenue, Indio.

A baby girl, weight 6 pounds, 10 ounces, was born on August 7 to Mr. and Mrs. Edward Mullins of 2162 Girasol avenue, Palm Springs.

Visits in Alberta

Lois Pritchard, Epifania Layana Visit Scotland

Miss Lois Pritchard (she was with Culver Nichols real estate company here) and Miss Epifania Layana, who are on a two-year European tour, have written friends from Glasgow, Scotland. They were resting at a quiet inn after 12 days in London and a week around Oxford.

They planned to return to London and then visit the south coast of England. They will go to Spain before returning home. They are touring in a small European car and had driven about 800 miles.

Don Gillespies Return from Trip

Mr. and Mrs. Don Gillespie and their young son Donnie of Hermosa Drive have just returned home from a refreshing tour that included traveling to Nebraska to visit Mrs. Gillespie's parents for three weeks. They then joined friends for a week at a guest ranch in Montana and on to Washington and Oregon, returning along the coast route.

However, the Gillespies only checked into town briefly before they continue their vacation for a while longer in Los Angeles and at the beach.

Stanley Jalofts in Honolulu

Mr. and Mrs. Stanley Jaloft and two daughters are vacationing in Honolulu this month.

Liberace In Person, on TV

Customers who gathered at Helen's in Indian Wells Wednesday night expecting to watch the fights watched the Liberace program instead. They probably would have grumbled about it except that Liberace, himself, was there to watch it with them.

TV's popular pianist and his party, who were staying at Levee Palm, wanted to see the telecast of his show, and the set in Mrs. O'Brien's shop is the only one in the area that receives Channel 13.

It was the first time the Liberace show had been transcribed ahead of time and the first time he had viewed himself on television. A trick ending for the show which involved duplicate photography as the star sang a duet with himself, made it necessary to film the show.

Carlins to Return First of Month

A note from D. B. Carlin from Long Beach says that they have sold their Long Beach home and expect to be back in the Village around the first of September.

Carlin, who is president of the Palm Springs Shrine Club, has been making arrangements this Summer for holding joint meetings at Palm Springs with various other clubs in Southern California. Peter B. Sheptenko, club secretary, is spending July and August in Los Angeles, and has been assisting in contacting other clubs.

Darlene Renville, Harlen Moore to Wed Saturday

Miss Darlene Renville, daughter of Mr. and Mrs. Ray D. Renville of 625 South Camino Real, will exchange wedding vows with Harlen Moore in a Saturday afternoon wedding August 15, at Our Lady of Solitude Catholic church. Msgr. John Power will officiate at the ceremony, which is set for two o'clock.

The bridegroom is the son of Mr. and Mrs. Harold Moore of 3150B McCallum Way. About seventy-five guests have been invited to attend the wedding and the reception which will follow at the Chi Chi Blue Room.

Mr. and Mrs. H. H. Bailey of Colton were weekend visitors at the Bill Hall home at 974 San Lucas road.

4—The Desert Sun and PALM SPRINGS NEWS PALM SPRINGS, CALIFORNIA Thursday, August 13, 1953

Janet Jaynes, SITA Group, Enjoy Cruise

A Palm Springs girl cruised Hawaiian waters in a 106-foot yacht as the climax to a six-week vacation in the Islands.

She was Janet P. Jaynes, the daughter of Mr. and Mrs. Oliver B. Jaynes, 1622 Mesquite avenue, member of the Students' International Travel Association tour to the 1953 Summer session of the University of Hawaii.

A schooner which for 15 years was flagship of the Los Angeles Yacht club carried the 23 members of the tour party. The schooner, Dwyen Wen, is in Hawaii on a world cruise.

Her name means "Pleasant Expectations" in Welsh, and for the SITA young folks, traveling aboard her as share-expense-and-work crewing passengers, she made a vacation dream come true.

As students at the Island university, a short ride from Wai-kiki, the tour group thoroughly saw Honolulu and Oahu Island. As passengers aboard the teak-wood and lead schooner, they met Old Hawaii.

First stop was Kaula, the "Garden Island" of the main Hawaiian group and, according to Hawaiian history, first stopping point of early Polynesian settlers.

From Kaula, they sailed to Hawaii, the volcano and orchid island. Putting into Kailua, on the famous resort coast of Kona, they traveled upland to Kilauea crater and through the tropic fern forests.

An old whaling headquarters, the quiet but historic town of Lahaina, was the last port before the Dwyen Wen headed back to Honolulu. It is on the island of Maui, dominated by one of the world's largest dormant craters, Haleakala.

The trip, nicknamed the "Aloha Week Cruise" because it was the final week of the 1953 SITA junket to Hawaii, ended August 7. Plans were flexible to allow swimming and fishing en route.

Most of the tour members enplaned for the Mainland August 8, from Honolulu.

Four-of-Kind Baby Shower Held Friday

Gifts were mostly "four of a kind" at the baby shower given Friday night for three wives of police officers, Mrs. Elwood Johnson, Mrs. Robert Ralph and Mrs. Morry Aitkin, and Mrs. August Kettman, wife of the former police chief.

The shower, given by Mrs. Orest Johnson and Mrs. Ted Greene, at 233 West Via Es-cuela, also introduced Mrs. Davis, wife of Police Chief John S. Davis. Seventeen guests included wives of police officers and City Clerk Louise McCarn.

In addition to their personal gifts, each of the honorees received a playpen from the Palm Springs Police Association.

The hostesses used a color scheme of blue and pink and served cake and ice cream and punch.

Unique invitations were patterned after a police report.

Son Born August 8 to Jim Schulkes

Mr. and Mrs. Jim Schulke (he is the market director for May-fair Market of Palm Springs) are the parents of a son, born August 8, at the Inglewood General hospital.

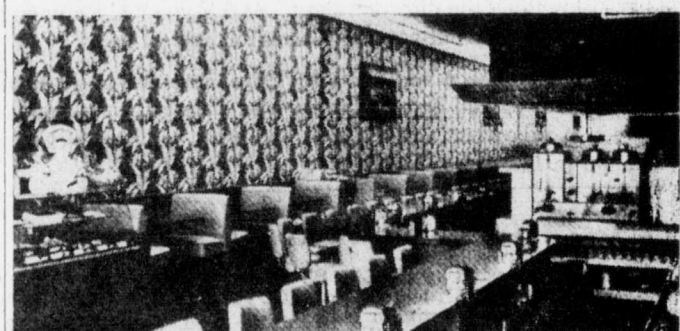

The little boy, who has been named Glen Stewart, weighed five pounds, eight ounces. The Schulkes have been living at 343 Second street, in Banning.

Ray Sullivan Given County Counsel Post

County Supervisors this week named Ray T. Sullivan Jr., as county counsel for a four-year term, at \$9000 a year.

Sullivan has been chief deputy under William O. Mackey, who has acted in the dual capacity of county counsel and district attorney for almost four years. Mackey resigned recently in compliance with a new state law which requires him to give all his time to the district attorney's office.

Sullivan, 38, is a native of Riverside, a past president of the County Bar association, and was city attorney at Perris.

In 1949 he became Mackey's chief assistant in the district attorney's office, and when S. T. Bucciarrelli resigned as Mackey's chief assistant in the county counsel office, Sullivan moved over there at a raise in pay.

He will have three full time attorneys assisting him in advising the supervisors and all department heads of County government on all non-criminal legal matters.

Before Mackey's appointment the offices of district attorney and county counsel had been separate.

Local Swimmers Qualify for Junior Olympics

Deep Well Guest Ranch Swim Club will be well represented at the Junior Olympics in Los Angeles, it was announced this week by John Ravese.

Having placed in all semi-final events, John Ravese Jr., Prentiss deJesus and Alfred Brune will compete in three events in Los Angeles between August 19 and 23.

All three boys placed in the top division at the Medley relays at Downey high school, with Ravese taking first place in the 100-meter breast stroke and third individual Medley 300 yard swim.

Foster deJesus will compete in the Examiner swim meet on August 21, swimming in the men's open.

Richard Bigham, Ravese, Brune, Prentiss and Foster deJesus will also compete in the Glendale Invitational swim meet in Glendale on August 19 and 20.

The final Junior Olympic meet will be held at the Olympic Stadium in Los Angeles, sponsored by the Los Angeles Examiner, on August 23 and 24. All five represented Palm Springs in the CIF swim last May.

City to Accept Low Bid for Shelter House

City council Tuesday authorized Acting City Manager R. W. Peterson to accept the lowest bid submitted on the construction of the North End park shelter house.

The council will not meet again until their regular meeting in September and the bids are scheduled to be opened August 20.

It was stipulated by the city council that the low bid would not be over the estimate of the city engineer.

Victor Whites Entertain Friends

Lt. Commander and Mrs. Victor R. White of 1055 San Jacinto Way, entertained their friends Captain and Mrs. G. P. Garland Monday. The two men had duty together at San Juan, Puerto Rico in 1947.

The Garlands have been in Colombia, S. A., where he was chief of the Naval Mission. They were on their way to Long Beach, where he will assume command of a ship headed for Korean waters.

Jana Vacations in West Virginia

Jana, artist at the Desert Inn, spent several months this Summer at White Sulphur Springs, West Virginia, and plans to visit in Chicago, and Colorado Springs, before returning to the Village.

While in White Sulphur Springs, he reported doing pictures of Mrs. Richard Nixon, wife of the vice president, and Ivy Baker Priest, treasurer of the United States.

Claude Gottbehuets at Colorado Springs

The Claude Gottbehuets, who have been vacationing at Taos, New Mexico, are now in Colorado Springs. They write that Taos is "quiet and quaint, full of art and artists, writers, Indians and adobe buildings. Hated to leave."

Villagers to Wed

Sky Watch

Volunteers Needed for Rest of Season

Sky Watch program in the Village needs additional volunteers to ensure its success this Summer. R. W. Peterson, executive officer of the Civil Defense Corps, reported today.

Many of the regular volunteers who man the Sky Watch station on top of the Canell building are now on vacation, and replacements are needed, Peterson said.

A complete list of the shifts open is kept at Welwood Murray Memorial library and persons interested in volunteering may select their desired shift and register for it there.

Garcia Pleads Not Guilty at Arraignment

Alleged Accomplice to Appear Today at Preliminary Hearing

Tony "Yucca" Garcia, 35-year-old alleged "big wheel" narcotics peddler in Los Angeles, entered a plea of not guilty at arraignment in Superior court Tuesday on a charge of possession of narcotics.

His alleged accomplice, Lois Pallesano, Palm Springs, will appear before Judge Eugene Theriault in justice court preliminary hearing at 2 p. m., today, also on a charge of possession of narcotics. She entered a not guilty plea at arraignment.

Garcia had been held to answer to superior court at his preliminary hearing Monday in Riverside Municipal court. Bail was continued at \$20,000.

Garcia, taken into custody shortly after Miss Pallesano was arrested at her Village apartment, is charged with having pure heroin, valued at \$50,000 in his possession. He was also originally accused of transporting narcotics, but this charge was dismissed.

California Highway Patrolman Roy Martinez, at Garcia's preliminary hearing, testified that when he made the arrest in Beaumont on July 30, he found the suspect in possession of two rubber containers of a white powder which was later identified as heroin.

Miss Pallesano is charged with having in her possession \$200 worth of heroin, at the time of her arrest.

LETTERS To The EDITOR

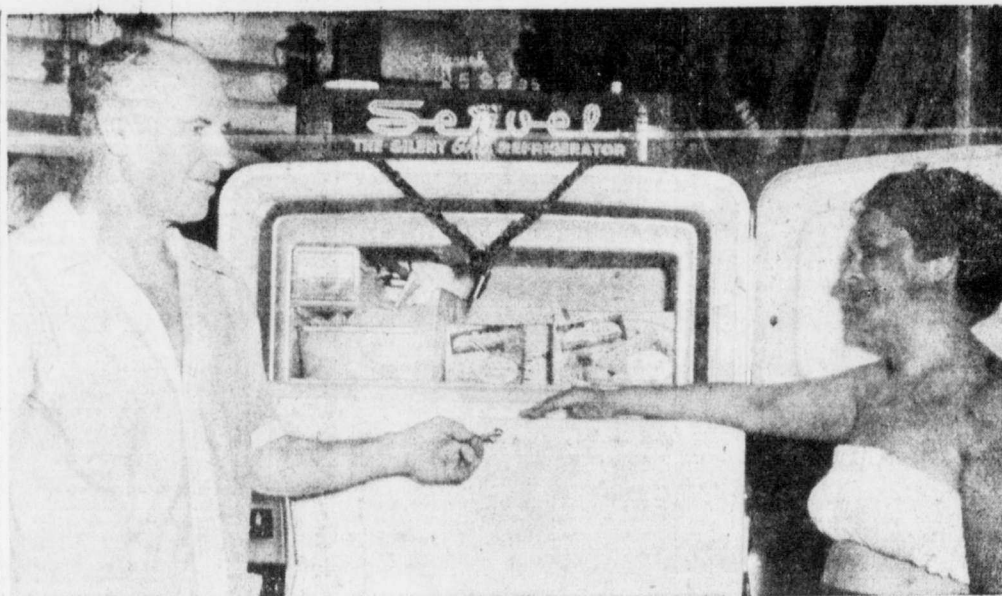

The Desert Sun, Palm Springs, California.

Dear Editor: "I see by the Desert Sun of Thursday, July 30, 1953, that the 'shirt law' is ready for enactment.

"Having been a Winter resident of Palm Springs for many, many years, and having taken some little part in the development of the Village, I must say, in my opinion, the 'shirt' ordinance is a rather stupid thing.

"There is no doubt that some ladies and gentlemen have their sensibilities shocked to sit next to a shirtless man at a bar or a restaurant. But after all, the owner of the establishment can decide whether or not he wants a shirtless man on his premises. What about the guy at his club who wants to dash in and have a little refresher during a hot game of tennis? Certainly he should not be obliged to put on a shirt!

"I recall one time I visited a

penalty . . . But no . . . They penalized me 15 yards for holding instead, and slapped on an additional 5 yards for offense. . . . Next thing I knew I was thrown out on Hill street for a touchback. . . . But I didn't claim my 20 yards for a free kick . . . I fled.

THEN I FOUND the men's sportswear department . . . It was full of women, too. . . . Mothers, wives, sweethearts, daughters, nieces, and other assorted females. . . . buying things at a bargain for their sons, husbands, boy friends, fathers, un-

well-known restaurant in Los Angeles and I was dressed in sport coat and sport shirt and the head waiter requested me to put on a tie, which I didn't have in my pill box. At any rate, the head waiter loaned me a tie, which certainly did not improve my appearance, as the tie had been used many times and was loaded with gray spots and what have you. "In my opinion, the 'shirt law' is an infringement on people's rights. Why should I, a Palm Springs pass legislation to place restrictions on a guy who wants to spend his dough for food and drink?

"Another point. Palm Springs is famous for its informality and casual living, and why spoil it with screwball legislation; when, as stated hereinbefore, the owner of an establishment has a perfect right to request customers to wear a shirt or necktie. The whole thing is an infringement on personal rights and one thing leads to another. The next thing you know they'll pass an ordinance to keep the girls from wearing shorts in Palm Springs, and when that happens, you can nail up half the resorts!"

Respectfully submitted, E. B. McGovern, Seattle, Washington

cles and assorted menfolks . . . As much of a hassle as the other spot . . . Then a kindly man finally extracted me and ran a pair of tape measures, stapled together, around my girth . . . It then came to a matter of material . . . I specified, and was told in a condescending manner, that in my size, it was not a matter of choice . . . Take what we've got . . . When he ushered me to a little room to test the pant (he spoke of them in the singular) I noticed the lock on the door was faulty . . . "Never mind," he reassured me, "these women won't be in here to try 'em on."

They know their men's measurements better than the men do. . . . Well, I got out safely and completed the purchase . . . But I was so exhausted and shell-shocked that I went to the gallery in the Biltmore and had to sit 37 minutes before I recovered sufficiently to make my way to the counter for rejuvenation. . . . The grossest understatement of all time was Kipling's estimate of the Female of the Species.

I ALWAYS HAD THE IDEA that Copenhagen was (a) a city in Denmark; (b) a snuff; (c) a brand of chewing tobacco; (d) a potent fermented libation. . . . But I have discovered that it's also a cabbage. . . . Having been offered the free use of a typewriter at a Los Angeles export firm, I have been listening to the numerous telephone calls, the instructions to telegraph errand boys and so on. . . . This export business is more hectic than getting out an extra on a newspaper. . . . Fellow in the Philippines cables for a shipment of Copenhagen cabbage seeds. . . . The staff gets busy. . . . Locates some on a dock in San Francisco. . . . and before night it is being loaded on a ship for Manila. . . . Another farmer, in Capetown, South Africa, wants a certain brand of bone meal. . . . Two tons. . . . After some busy long distance, the staff located what he wanted at a siding in Arizona. . . . It was rolling for Los Angeles harbor by nightfall. . . . sailing on a wall and know just they keep a chart of each day's when and where the shipment is going overseas.

COMES A LETTER here to me in Los Angeles from Charles (Chalky) Littler, FSP ad chief. . . . via Palm Springs. . . . Chalky read that column of a pair of weeks ago when I mentioned using an FSP typewriter to

write one of these pieces. . . . Explaining that Mrs. G. would not let me use her portable because of the \$10 it cost her to have it repaired each time. . . . "You know, Phat," he wrote, "After you used our FSP typewriter, we had to send it down to the Diesel shops but they couldn't do a thing with it. . . . Then down to the regular shops with no results. . . . Finally they sent the typewriter to the pre-cooling plant at Colton, where they managed to cool it off and get it running again. . . . But all of the girls in the office say that it will not spell any more and that every third key they strike comes up with the capital 'T'."

FROM A HOTEL owner signing himself MK, comes a note. "Now that the city council has finished its family fight, how about some action to curb these all-night barking dogs?" He wrote that one of the questions prospective tenants asked him had to do with the proximity of dogs which are vociferous all night. . . . "Let's either have the owners of these dogs a bit more cooperative or have a law," he suggested. . . . And Mrs. G. came back from a jaunt to North Hollywood with word of two signs she had seen. . . . One was on a residential street near the Freeway. . . . It read "Drive carefully. . . . Children should be seen, not hurt!" . . . And the other was on a delivery truck for a diaper firm: "Tops in Bottoms."

From what I hear around Los Angeles spots, the coming Village season should be an excellent one. . . . If all of the people who are planning to visit Palm Springs this Fall, do, we'll be full up.

I THOUGHT I knew my geography. . . . But learned something new today. . . . While wending my way through Pershing Square making my way to this typewriter, overheard a vehement woman preacher admonishing the gathering. . . . "Get ready for the judgement!" she exhorted. . . . "You can't get away. . . . There'll be an avenging angel at the north pole, another at the south pole. . . . And that ain't all. . . . There'll be one at the east pole and at the west pole, too!" That explains why we have earthquakes. . . . With the world trying to turn on the north and south poles one way and on the east and west poles the other way, no wonder we joggle and wiggle once in a while. . . . Hoping you are the same.

Desert Empire Contest Slated Again This Year

Plans were started this week for the second annual intensive promotion campaign to focus the nation's attention on Southern California's deserts as a most desirable place to live, work and play.

Southern California Desert committee members, meeting in Los Angeles with H. H. Roberts, chairman of the Travel and Recreation committee, Southern Council of the State Chamber of Commerce, were enthusiastic in their support of the

promotion program. Roberts presided at the meeting in the absence of Earl Coffman, committee chairman.

"THE PROGRAM," Roberts said, "will include another simple statement contest similar to the one conducted so successfully last year, a reprinting of the extremely popular booklet 'Southern California Deserts,' and several projects designed to make visitors feel at home on the desert and want to return year after year or be-

come permanent residents."

More than 3500 persons entered the contest last year, which featured vacations at top desert resorts as awards. The contest will start this year the latter part of August, with persons asked to complete the following statement in 25 words or less: "I would like to visit California's Desert Wonderland because . . ."

The committee plans to have 25,000 copies of the booklet printed, as its supply of 15,000 last year was quickly exhausted.

ROBERTS REPORTED that in the past it has been difficult for many desert dwellers to attend meetings scheduled at a central point, so the group is planning a series of meetings to be held in many communities throughout the 10 desert areas and which include Imperial, Coachella and Palo Verde Valleys, Morongo Valley, Yucca Valley, Joshua Tree, 29 Palms, Borrego Springs, Victorville, Apple Valley, Barstow, Yermo, Daggett, Newberry, Needles and Lancaster.

"The committee is also studying ways and means of prolonging the Springs season and we are very hopeful that a successful plan will be developed," Roberts added.

ATTENDING the meeting from this area were:

Mrs. Martha Dodson, secretary, Joshua Tree Chamber of Commerce, and treasurer, Associated Chamber of Commerce of High Desert Area; E. L. Holeman, Desert Hot Springs; Bert King, 29 Palms Chamber of Commerce; C. A. Washburn, Indio Chamber of Commerce, and Charles S. Watkins, Yucca Valley Chamber of Commerce.

City Urges State Work on U. S. 99

Believe Improvement Will Help Divert Trucks from I-11

City council Tuesday authorized Acting City Manager R. W. Peterson to send a letter to the California Highway Commission urging the appropriation of funds for the widening and resurfacing of U. S. Highway 99 between Whitewater and Indio. It was pointed out by Peterson that this move would be of great value to Palm Springs in trying to hold heavy truck traffic off Highway 111. Plans before the commission call for Highway 99 to be a double highway, with the heavy grade being almost completely eliminated. Other information given the city by the commission was a resolution adopted by them, stating that all plans for super-highways and freeways will be made public and hearings before interested persons will be held. The commission plans to work closely with local governments in the planning of such freeways.

Dr. Wilkins Rites Held Saturday

Funeral services for Dr. Howard F. Wilkins, 36, owner of the Coachella Valley hospital in Indio, were conducted Saturday at Our Lady of Perpetual Help Catholic church, Indio, with Father Joseph Mackey officiating. Dr. Wilkins was found dead Thursday in a bathroom of the hospital. Death was due to natural causes, it was reported by Dr. Rex Dannebaum, a staff physician.

After graduation from the University of Southern California with the highest honors in his class, Dr. Wilkins became a member of the faculty. He came to Indio in 1946, and was associated with Dr. Ralph Pawley in the operation of the Coachella Valley hospital until he assumed ownership four years ago.

Several months ago he made an effort to give the hospital to the city of Indio, but a civic committee turned down the offer after a study, reporting that administration of the hospital was too involved for laymen.

Survivors are his parents, Mr. and Mrs. Roy C. Wilkins, Indio, with whom he lived; his widow, Helen M. Wilkins, 3840 Calle San Antonio, Palm Springs, from whom he had separated; six children, Carlene Kay, who attends school at St. Vincent's in Santa Barbara, Howard Jr., attending St. John's Military Academy, Los Angeles, and Carol Ann, Catherine, Constance and Roy, who are with their mother.

Parallel Parking Only Here, Warning

Only parallel parking is permitted on public streets in the city of Palm Springs, Acting City Manager R. W. Peterson today reminded Villagers and visitors. Peterson said that numerous violations have been noted at DeMuth Park and in many instances the violating automobiles are driven on the grass. Action will be taken against violators in the future, he warned.

Newspapers to Feature Contest for High Schools

Contests for the nation's High School and College students, in connection with National Newspaper Week, (October 1 to 8) have been announced by the NNW committee. "Many people have asked that students be given a special

opportunity this year to take part in National Newspaper Week," according to Vern Sanford NNW chairman and general manager of the Texas Press Association. "The contests are a result of those requests."

BOTH HIGH SCHOOL and college student groups will have an opportunity to enter two events. One is a contest for the best essay; the other for the best illustration. Both are based on the NNW theme, "Freedom of Information." Awards will be made to the boy and to the girl who submit the best entries in each event. Essays must be no longer

than 750 words. Illustrations are to be done only in black and white, no smaller than 6 x 9 inches and no larger than 9 x 12.

ENTRIES ARE TO BE submitted to the NNW committee, postmarked not later than October 15. They must be mailed to Vern Sanford, chairman, National Newspaper Week Committee, care of the Texas Press Association, 1716 San Antonio Street, Austin, Texas.

Winners will be announced on November 15 via press, radio, and TV news dispatches. The winning students will receive scrolls presented by Newspaper Association managers.

Chamber Buys Literature Boxes

Fifteen lucite literature boxes containing the Chamber of Commerce emblem will be distributed throughout the Village during the Fall and Winter season, making it easier for visitors to obtain desired information about events and accommodations.

Entries are to become the property of NAM, with the possibility of their being used in National Newspaper Week promotions in future years.

Concealed Gun Law Violation Brings \$50 Fine

Oscar Crawford of Palm Springs was sentenced to 10 days in jail or a fine of \$50 following a hearing before Judge Eugene Theriault on a charge of violation of the concealed weapons act.

Police officers, during a routine check, found a gun concealed in his automobile, it was reported.

Andreas Wins Little League Batting Title

Has 25 Hits
in 37 at Bats;
Also Seven Homers

Johnny Andreas of the Boys' club team won the Little League batting championship with an average of .676. City Recreation Director Howard Haddock reported.

Andreas had 25 hits in 37 times at bat, and included in his 25 hits were seven home runs.

JOE LEWIS of the Junior Police was second with 29 hits in 50 at bats for a .580 average and he had four homers.

Others in the top five were: Leonard Ruiz, Junior Police, 29 hits in 55 at bats for .527, two home runs; LeRoy Segundo, Boys' Club, 25 hits out of 50 for a .500 average, and six homers; and Donald Burke, 24 hits in 50 at bats, .480 average.

BY TEAMS, the five highest batters were:

Junior Police — J. Lewis, 29 for 50, .580, four homers; L. Ruiz, 29 in 55, .527, two homers; D. Burke, 24 in 50, .480; S. Parker, 2 for five, .400, and N. de Jesus, four in 13, .308.

Strebe Stars — D. Eskew, 16 in 25, .640; F. Hathaway, 15 in 33, .445; J. Pellum, 21 in 50, .420, two homers; J. Harris, 3 in 9, .333; E. Pool, 6 in 22, .273, one homer.

BOYS' CLUB — J. Andreas, 25 in 37, seven homers; L. Segundo, 25 in 50, .500, six homers; Al Gault, 17 in 37, .459, two homers; J. Strada, 10 in 31, .323; B. Brune, 8 in 32, .250, one homer; Ed Greer, 5 in 20; B. Ordway, 4 in 16, all 250.

Cravy-Hathaway — D. Tomlinson, 14 in 45, .311; D. Sing, 9 in 31, .290, one homer; Tony Gomez, 10 in 40, .250; G. Flores, 6 in 25, .240; Billy Moore, 7 in 35, .200.

Mhoon-Mhoon Tighten Hold on 2nd Place

Mhoon and Mhoon took a stronger hold on second place Wednesday night by defeating the Junior Chamber 9 to 5.

Two big innings gave Mhoon and Mhoon their win, as they scored four runs in the fourth and added five more in the fifth.

Howard Veason paced the winners with two hits in four times at bat, while Pete Herrera with three for four, and Clayton Panlaque with a homer in the sixth topped the Jaycee batters.

The line score:
Jaycee 300 001 1-5 9 4
M-M 000 450 x-9 4 5
Woods, Shaw and Lum; Marcus and Allen.

Salton Sea Danger Seen Next Winter

Salton Sea, which is gradually engulfing the resort of Desert Beach, southeast of Mecca, has dropped a little this Summer but General Manager C. S. Hale told directors of the Coachella Valley Water District this week, that the slight lowering this Summer appears to indicate a "rapid rise this Winter."

Hale said that while the sea has dropped about two inches in the past two weeks, it is about 15 inches higher than it was a year ago.

The surface is now 236.92 feet below normal sea level.

Villagers' Mother Dies at Carmel

Mrs. Jane Cooper Lake, 63, mother of Nona Lake of Palm Springs, died Sunday, August 9, at Carmel-by-the-Sea, California.

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered—and how much I could save!

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide® models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrifty-King" engine.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Cathedral City CC Approves Charter Plan

Fifth Chamber
to Favor County
Group's Proposal

Cathedral City Chamber of Commerce directors have adopted a resolution approving a charter form of government for Riverside county.

The resolution approves the proposal presented by the County Association of Chambers of Commerce special committee which studied and recommended the change.

Other chambers of commerce which have endorsed charter government are Indio, Arling-ton, La Sierra and Jurupa.

Armed Holdup Men Rob Oasis Motel at Cabazon

Gaining entrance on the pre- tence of renting a room, two armed holdup men Friday night robbed and then tied up a Cab- azon motel manager and his wife.

Walter J. Slamin, temporary manager of the Oasis Motel on Highway 99, told authorities that the two men walked into the motel about 11:30 p. m., first asked if he had a room to rent and then drew guns and warned him to "keep quiet."

They forced him into the motel office and tied him up with adhesive tape.

His wife, Anne, walked into the room and the men tied her up, too. They then asked Slamin, "Where's the money? Where is it? We're not fooling."

The two men ransacked the office and took a wristwatch, a German-made automatic pistol, and a small amount of cash.

County Aged Aid Reaches New High

Riverside county aged aid cases continue to stand at around 6900 with the 6912 people on the county's aged aid rolls for June the high for the 1952-53 fiscal year and varying only slightly from the low of 6832 for July and August, 1952.

California taxpayer's association said today.

For September, 1952, average aged aid per person on the county rolls was \$66.24. For June, 1953, average payment per person was \$69.46.

POSTCARD of the WEEK

... from Desert Sun readers seeing America and the four corners of the world.

MUNICH MAIL—Frank and Lee Muller of the Las Palmas, sailed for home last week and expect to be back in the Vil- lage in September after a tour of Europe. This card came from Munich and said they had been through Italy, Switzer- land and Austria and were having a fine time but looked forward to getting home.

Scotch Follow American Custom about Vacationing

By DR. GRAHAM HUNTER
(Editor's Note: Dr. Graham Hunter, pastor of Cathedral City Community church, and his wife are currently touring Europe. This week he reports on their stay in Scotland.)

All over England and Scot- land, people are following the good American Summer custom of wanting to be where one is not. In Edinburgh last week, half the crew of the battleship "Iowa" were ashore, and the whole passenger list of the "Carmania."

On Princes street, prospective purchasers were lined up in the store five to a clerk. In addition, parents from the small cities and towns, where the schools had just closed in late July for the Summer, brought the children to Edinburgh to shop.

IN THE EVENINGS the ravine and hillside leading up to the Castle, were dotted with the white caps of American sailors and marines. Several hundred of them had each found a girl to talk to or to sit beside on the grass while the pipers or regimental bands played.

We made two pilgrimages ourselves to places which move the emotions, to Iona and to Biantyre.

IONA, WITH ITS holy well, lying off the island of Mull at one of the nearest approaches to Scotland from Ireland, was a holy place to the Druids two thousand years ago. There in the 500's, a great and good man whose name in Latin form was Columba, which may have been a Latinization of the com- mon Scots name Colin, came in his coracle with a dozen oarsmen. He liked the island, which, though only three miles long, had good hayfields and good pastures and a sheltered approach. There he built a

house of wattles (branches that is), of mud and of black basalt- ic rock, and began a missionary drive for Scottish highlands and lowlands and for northern Eng- land.

He and his men visited farms and fishing villages. The time was ripe and they won con- verts by thousands. They built a cathedral of the black basalt and pink granite of the island, no small building. On the other side of the landing place his followers built a nunnery.

FOR IMPORTANCE in the spread of civilization, Iona stands fourth, after Jerusalem, Rome and Constantinople. As the centuries passed, Iona lost its leadership. Church, abbey, nunnery were deserted, roofless and in ruins.

In the 1920's the Reverend Sir George MacLeod, a Glasgow pastor, began a movement to make Iona a center for Summer study and devotions. The Duke of Argyll purchased the island from private owners and gave it to the National Church of Scotland which is the combined State church and United Free Presbyterian church. One string he left tied to his gift . . . the rebuilt abbey church is to be left open to all Christians of every denomination, Protestant or Roman Catholic, for wor- ship and for education.

FIVE HUNDRED people vis- ited it with us one day this week, a full day's journey by ship from Oban.

Biantyre, the place of our other pilgrimage, is the site of the David Livingstone mem- orial park, eleven miles south of Glasgow on the upper Clyde river.

Forty-five years ago when I visited the place, the tenement house where Livingstone was born was hard to find and it was badly kept. In 1928 the Sunday schools of Scotland raised a fund, bought the beau- tiful and large park which had been closed to the boy David, for the lad was sent to work at the age of ten in the woolen mills, weaving from six a. m. to eight p. m. His family were deeply religious. Highlanders who belonged to the Stewart clan, very proud but very poor. They encouraged him to read and from eight o'clock until midnight he read all the books he could borrow or buy, and increasingly, books about medi- cine.

IN HIS TWENTIES he used his savings to take a course in medicine at Glasgow university, and at 28, in 1841, he sailed for Africa on the great missionary

Soul Has Infinite Resources, says Sunday Sermon

That Soul, God, is the source of identity, individuality, sub- stance, and supply, is explained and illustrated in the Sunday Lesson-Sermon on "Soul" in all Christian Science churches.

This selection from 1 Chroni- cles (22:18,19) is the Golden Text: "Is not the Lord your God with you? and hath he not given you rest on every side? . . . Now set your heart and your soul to seek the Lord your God."

The Bible Lesson includes this counsel of Jesus from Luke's Gospel (12:22,30-32). "Take no thought for your life, what ye shall eat; neither for the body, what ye shall put on . . . For all these things do the nations of the world seek after: and your Father knoweth that ye have need of these things. But rather seek ye the kingdom of God: . . . for it is your Father's good pleasure to give you the kingdom."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Soul has infinite resources with which to bless mankind, and happi- ness would be more readily at- tained and would be more se- cure in our keeping, if sought in Soul. Higher enjoyments alone can satisfy the cravings of immortal man." (p. 60.)

Community Church Service Announced

Palm Springs Community church services will be held at 9:30 a. m. Sunday. There will be Sunday school at the same hour up to the Junior age.

The morning message will be brought by the assistant pastor, Reverend Deran Yaylian. He will speak on "Nehemiah's Night Survey."

This sermon is based on Ne- hemiah's return to Jerusalem from captivity in Persia and his struggles in rebuilding the walls of the same city.

task which was to stir Britain and America.

The house, where he was born and brought up, is now a mu- seum which shows his child- hood, his work in the mills, his great African campaign against slavery. There are his note- books.

Touching is his last one, where he penciled notes about his weakness and illness, with its last entries, just before the end: "Nothing earthly will make me give up my work in despair. I encourage myself in the Lord and go forward."

Council Votes More Wiring for Playhouse

City Council Wednesday ap- propriated \$500 from the unap- propriated reserve for addi- tional wiring at the Playhouse the- atre, located in the old Pavil- ion on the polo grounds.

Under the agreement reached between the Playhouse Guild and the city in June, a flat rental of \$1500 was set for the 1954 14-week season, with the Guild agreeing to install dress-

Unclaimed

Property Held by
Police to be Sold

An ordinance of the City of Palm Springs covering disposi- tion of unclaimed property held by the police department passed its first reading at last Wednes- day's session of the city council.

It provides that after property has been held for a six months period, and properly advertised, it may be sold, and sets up reg- ulations for such sales.

ing rooms as a permanent ad- dition to the building.

Acting City Manager R. W. Peterson reported to city coun- cil that the new wiring needed would overtax the already ov- erloaded lines.

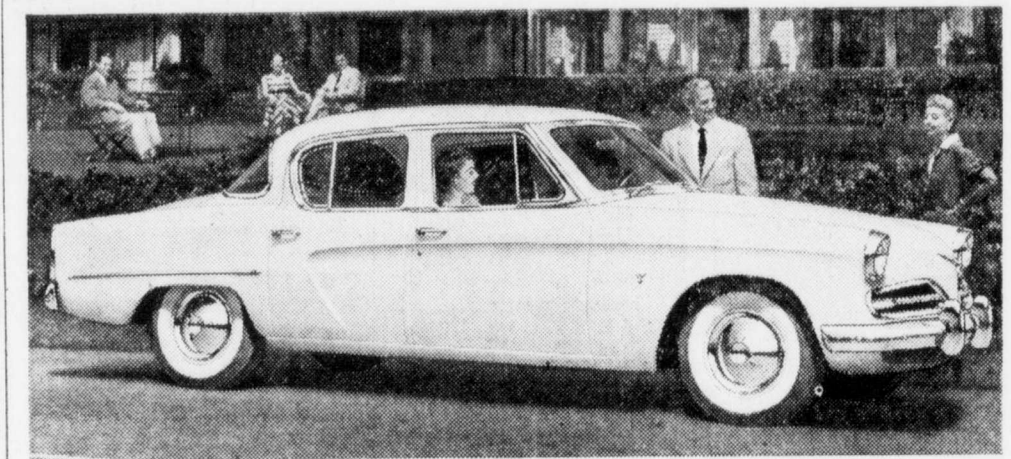

Peterson Given \$150 Pay Increase

The salary of City Treasurer R. W. Peterson, now acting city manager of Palm Springs, was raised \$150 a month for the period in which he serves in this dual capacity by action of city council last week.

Carnation Corner

Sultry days are when cold, re- freshing Carnation Buttermilk tastes best. Fine for energy, too. Carnation Buttermilk is rich in vitamins, actually richer in protein and minerals than regular milk. And always rich in old-fashioned flavor.

Carnation Buttermilk Shake

(Makes 3 servings)

3 cups chilled Carnation Buttermilk
1/2 cup cold lemon juice
1/2 teaspoon salt
1/2 cup sugar
1/4 tsp. grated lemon rind
1/2 pint ice cream

Blend well in shaker, or mix with rotary beater; serve with a dash of ginger.

SUMMER COTTONS WASHABLE BUT NOT QUITE COLORFAST?

Add a little salt and vinegar to both detergent suds and rinse water. Wrap in towel; squeeze dry as possible. Iron while still damp.

A fresh fruit or vegetable sal- ad, cold Carnation Buttermilk and tender-light buttermilk rolls make a grand hot weather supper. If the day's hot, bake in the morning, heat at night.

Tender-Light Buttermilk Rolls

(Makes about 2 dozen rolls)

2 cups warm Carnation Buttermilk
1/4 cup melted butter
1/4 cup sugar
2 teaspoons salt
1 cake fresh yeast
1/4 cup warm water
4 to 4 1/2 cups sifted all-purpose flour
1/2 teaspoon soda

Combine warm buttermilk, melted butter, sugar and salt. Soften yeast in warm water. Add all liquid ingredients to flour-soda combination. Blend thoroughly. Turn soft dough out on board or pastry cloth dusted with 1/4 cup flour. Knead 10 minutes; form into rolls. Place on buttered baking sheet or in muffin tins. Allow to rise in warm place (about 80° F.) until double in bulk. Bake in hot oven (425° F.) 15-20 min.

Our favorite breads come to us from many countries. Sweet rolls from Greece, Spain and Portugal; poppy seed crescents from Czechoslovakia; crum- pets and tea rings from Eng- land; kuchen, stollens and pumpernickel from Germany; gingerbread from Holland; wheat cakes from India; blinis, blintzes and sour rye from Rus- sia; strudels from Austria and Hungary; petits fours, crois- ants, brioches and babas from France; and of course, we make our own delicious contributions with Boston brown bread, southern corn bread and spoon bread, pone and hockcakes.

HINT FOR HUSBANDS
Paintbrush bristles won't get bent when left in cleaner if brush is held by spring-type clothes- pin resting on can rim.

HINT FOR WIVES

Men especially appreciate the cold rich flavor of Carnation Buttermilk. "Serve him right" by keeping plenty of Carnation Buttermilk right near the ice section of your refrigerator.
